Dear Mark,

I write to thank you for your support of Foundation Training in Wales and I feel that the following statement is a true reflection of your professionalism and ability in providing dental courses to the Foundation dentist

***“The courses that Mark Hill presents to Dental Foundation dentists are comprehensive and factual in detail and correctly aimed at improving the knowledge and ability of the dentists. I am delighted that Mark takes the time to ensure that all participants understand the course content and his presentation courses and hands on sessions are always highly regarded with extremely positive feedback on evaluation”.***
